

K-Love Radio Station serves me in an invaluable way on a daily basis. In my world of stress, demands, work and busy schedules, K-Love provides me a connection to God allowing me to keep focus on what the real priority of life is - serving God. The positive messages, encouragement, music and peace found on this station is beneficial to me and the listening audience. For the sake of the "Good" things left in this world and the spiritual health of our nation, please don't allow K-Love to be forced off the air by a LPFM broadcaster and replaced by another station that would be less than beneficial to our society. Thank you.
